Department of Otolaryngology –  
Head and Neck Surgery

## Welcome Message

Dear Friends and Colleagues,

The ENT Department at Khoo Teck Puat Hospital will be organizing the Singapore Facial Rejuvenation Surgery Fresh Frozen Cadaveric Dissection Course from 3 to 5 December 2015.

The course comprises of a full day of lectures by expert international faculty that will help the delegates to consolidate their understanding of surgical anatomy, facial aesthetics, preoperative assessment, surgical planning and safe execution of surgical techniques used in Facelift, Midface lift, Browlift, Blepharoplasty and Otoplasty.

The next two days will be spent in the Surgical Skills Laboratory where participants will get extensive hands-on training in a wide range of surgical techniques used for Facial Rejuvenation. The laboratory portion of the course will be limited to 20 Dissectors to allow for close supervision by expert faculty.

We are privileged to have internationally renowned Facial Plastic Surgeons Prof Shan R. Baker (USA), and Prof Jonathan Sykes (USA) as Teachers of Honour for the course. The wealth of experience offered by them will provide a unique learning opportunity for the participants.

Singapore is a dynamic multicultural city popular with tourists from around the world. This Jewel of Asia is host to a number of outstanding historical and contemporary architectural landmarks. It is a culinary paradise with mouthwatering cuisines not only from the region but also from around the world. Singapore offers an abundance of unique experiences, which will help you to enjoy Singapore in your own personal way. Travel to Singapore is easy as it is well connected to most major airports in the world.

We would like to extend our warmest welcome to you and look forward to your presence in the course.

### Dr Sandeep Uppal

Consultant Otolaryngologist  
Surgical Interest: Facial Plastic Surgery
